FamilyLine

Caring for a child or young person can often be difficult, especially without emotional support and guidance on hand during times of need. Many parents feel confused by what help is available and often struggle to access services close to home and at a time that suits them.

FamilyLine tackles these issues in a new and innovative way by using a network of volunteers from across the country to support parents through telephone calls, email and text messages.

The FamilyLine helpline is free and open weekdays from 6pm - 10pm and weekends 10am - 1pm. In addition to this, regular support can also be offered to eligible parents and carers through regular telephone sessions with Befrienders and Counsellors at a convenient time of day.
