

Gonerby Hill Foot Church of England Primary School

Impact Report for 2015-16

In the academic year 2015-2016 we received around £9,500 funding through the government's PE and Sport Premium. Below is how we allocated it and the impact it has had on sport and PE for our pupils.

We spent this on:

Inspire+ Membership	£2125
Specialist coaches supporting teachers to improve the quality of PE Teaching	£2575
Schools' Sports Games Organiser	£815
Lunchtime Play Leader	£2583
Staff cover to release for training	£500
PE Equipment	£200
REAL PE scheme	£750
Cyber Coach	£460

What impact has the funding made?

- The status of P.E. remains high within the school.
- Teacher training has increased the confidence and skills of class teachers in delivering high quality PE lessons.
- Real PE has provided teachers with a really clear framework for skills progression. As a result, there has been an improvement in children's core skills and most teachers are now more confident in assessing their children's attainment.
- Children have reported that they have noticed a big improvement in their skills development and how active they are in lessons since Real PE was introduced and they use this to evaluate the quality of lessons.
- Pupils have been inspired by ambassadors Sam Ruddock, Sarah Outen and Ben Smith.
- Pupils maintain a positive attitude towards PE and participation in lessons remains high.
- Pupil did not miss lessons because they didn't have the right kit.
- The curriculum has been enriched with opportunities for pupils to participate in sporting events. The range, variety, quality and expertise of after-school sporting provision has continued to increase; pupils enjoyed hockey, tennis, athletics, football and many more.
- Resources purchased has enabled the physical exercise to be carried out in the classrooms as well as in the hall (Cybercoach).
- All KS2 children have had the opportunity to represent the school in competitive sports.
- Playtimes and especially lunchtimes are very active with most pupils enjoying games.
- Year 5 children have continued to be involved in running their own Change for Life lunchtime club for younger children in Years 3/4
- Pupils enjoy leading games as well as playing them and are developing leadership skills.
- Most KS2 children achieved bronze certificates for completing the Legacy challenge, with two receiving silver.
- Our lunchtime play leader, who has received training through our Inspire+ membership, runs the school's extended provision and implements much of this to ensure the children are given lots of opportunity to be active.
- The percentage of children in our school that have been measured as obese is significantly less than national. More importantly the gap between our school and national increases as the children reach year 6 (2.8% less than national in reception and 6.4% less than national in Y6).
