

Dear Pupil,

Every school day, we will be using Class Dojo to send you learning for maths, grammar and spelling. These will be activities that revise the learning we have already done this year.

In addition to this daily learning, we would you all to read every day. This could be a book from home, comics, online material or any of the books set on active learn. Also, this is a fantastic opportunity to practice your tables either using TT Rock Stars or Maths Frame. Finally, please practise your Y1/2 and Y3/4 spellings.

On the Monday, we will also send out a weekly project. This will be based on the wider curriculum and you will have all week to complete this.

There is no need to print the activities – some can be completed online and the rest can be copied/completed in the book. Please write the date at the top of each piece of work.

We have also sent lots of links to very helpful websites where you will find support for the tasks we have set and additional activities to help your learning. Please see the additional sheet that is stuck in this book.

If you have any queries of questions, please get in touch with us via Class Dojo.

Yours faithfully,

Your Teachers
